FIELD SOW 102047

The FIELD concept draw inspiration from the countryside where the traces of agricultural machines leave lines in the rural landscape. The concept consists of three striped versions of our rug quality PLAIN. The stripes are created by a combination of cut and loop technique where different thickness of the stripes forms the pattern. The looped stripes are tufted slightly lower than the cut stripes, creating a tactile surface with an elegant relief effect. The rugs are tufted with the soft and durable Spirit yarn made of a 100% New Zealand wool. The FIELD concept rugs are suitable for rooms with moderate to frequent traffic.

The narrowest stripe in the FIELD concept, SOW alternates between one row of loop pile and one row of cut pile. Its refined texture evokes the sleek look of corduroy, perfect for a modern interior.
