

Suit 101787

The classic and rich herringbone texture combined with mélangé yarns gives Suit a personality all of its own. The colour range with 27 options, is powered by the elements. Inspiration comes from dry and bristly grass next to white sand by a windy beach. Dark rocks meeting a frothy sea and shades of warm sunset light. Technically, Suit is a dimout that provides a superior acoustics alfa value of 0.95 and light exclusion above 99% and the flexibility which comes with 3 metre width. Suit meets IMO flame retardant standard and is Oeko-tex certified.

We thought you'd like...

- the textured textile herringbone surface and feel
- the broad, contemporary colour palette and 3 metres width
- the superior acoustic properties
