

140 colours

AVGO is an innovative and versatile rug collection that will contribute to a unique setup in a room and it is available in the 5 different variations of the Superellipse®

It has a technical solution that creates a two-tone effect whilst using only one colour. In the cut pile of the edge there is a symbol of the 4:6 Superellipse® and a label from our collaboration with Piet Hein. The colour range includes 140 standard colours but the Design Studio at Almedahls has made a selection of recommended colours that represents a harmonical contrast and matches materials and expressions prevailing in modern architecture.
