

Sandstorm II 101964

Almost uni-coloured yet unique, in finely tuned colour combinations, Sandstorm truly wears the Almedahls trademark. The design expression, created by Studio Amanda & Matilda has been a success from the start. Looking at the pattern you can feel the movement of the hand, experiencing a true sense of craftsmanship. The small dots flow organically across the surface making an impression of being swirling in the wind. The light textural design makes Sandstorm fit into different types of environments creating a calm and welcoming atmosphere.

Sandstorm II is printed on a light and airy quality with a delicate transparency. It has soft drape and a smooth handle. The fabric is made of 100% recycled polyester. Inspired by life on the shoreline, the colour range is natural, earthy and soft with an occasional pop of colour.
