# Elektra 100159

Elektra is a design by Jenny Stefansdotter Stentoft. The design has an abstract, modern touch that sparks the imagination. The pattern resembles an imaginary sunlit park with structured tree shapes. The intricate, decorative trees, with shadows behind them, create extra depth to the curtain. The colourways are versatile, ranging from graphic white and black to a variety of multi-coloured options.

The intriguing tree pattern, the versatile colour scheme, and the fabric's transparency and texture that beautifully filters light make Elektra a captivating choice for many interiors.
