Fairy 101605

Fairy is a classic net curtain with a beautiful drape. The crisp, sharp net lets light through while creating a soft, hazy barrier to the outside. Fairy works perfectly as a light room divider and to create a space within a space. The more folds it has when draped, the more intimate the room becomes. Fairy comes in a discreet, natural colour scheme, which is easy to combine with other fabrics in our Texture Concept and with architectural materials.

The crisp and sharp mesh texture, along with the 300 cm width that allows for seamless hanging in large windows, and the muted, natural palette as part of the colour-coordinated Texture Concept, makes Fairy a versatile and elegant choice.
