# Ramie 101855

When creating Ramie our designers explored the moods of the seasons in our natural habitat, the Nordic landscape. Taking inspiration from the layers of nature, of scents, temperatures, sounds, textures, light and colours. The result is a true celebration of craft, material and tactility. The timeless, textural Ramie print is intricately combined with the linen-like fabric structure, creating a layering effect that amplifies the materiality of the design.

The colour palette includes soft, melancholic pastels inspired by the circularity of the seasons. The blend of three thoughtfully combined colours in each colourway gives several possibilities to match with other curtains from the Almedahls curtain collection.

The base fabric is made of 75% recycled polyester from post-consumer PET-bottles and post-industrial fibre waste which significantly reduces water and energy consumption and greenhouse gas emissions in the manufacturing process.
