FIELD HARROW 102046

The FIELD concept draw inspiration from the countryside where the traces of agricultural machines leave lines in the rural landscape. The concept consists of three striped versions of our rug quality PLAIN. The stripes are created by a combination of cut and loop technique where different thickness of the stripes forms the pattern. The looped stripes are tufted slightly lower than the cut stripes, creating a tactile surface with an elegant relief effect. The rugs are tufted with the soft and durable Spirit yarn made of a 100% New Zealand wool. The FIELD concept rugs are suitable for rooms with moderate to frequent traffic.

With its combination of narrow loop stripes and wider cut pile stripes, HARROW offers a subtle pinstripe effect. Thin, light lines contrast against a darker background, lending the design a refined yet understated elegance.
