ETAGE 101766

ETAGE is a 3-metre wide, highly versatile dimout. The subtle twill texture creates a smooth and elegant expression. The drape is soft, and the surface and colour are the same on both sides of the fabric. The colour palette is inspired by the Nordic landscape, with hues from deep green forests, neutral tones from gravel roads, and autumn leaves falling to the ground. ETAGE also offers good sound absorbent properties, with an alpha value of 0.7. The fabric is washable to healthcare sector standards, eliminating dirt and bacteria in Class 0-2 spaces.

The subtle shiny lustre, wide colour range inspired by Nordic nature, and the 3-metre width with embedded acoustic properties make ETAGE a perfect choice for many settings.
