YTA 100278 / 102112

YTA is a denser version of VILA, available in two constructions built from the same wool Hardtwist and Linen in matching tones. The cut pile version (100278) has a height of 14 mm, offering a durable, compact density. The linen fibres create subtle contrasts and visual depth. The looped pile version (102112) has a height of 12 mm, creating a soft, tactile surface where the yarn's colour play comes through with extra depth. Both share the same natural elegance as VILA and are available in 44 standard colours. YTA shares the same colour palette as VILA, making it easy to combine the two for a cohesive interior.
